

American Water Ski Association Approved Tournament Towboats 2012

REVISED 11/17/2011

The following list identifies those towboats successfully meeting the 2011-2012 USA Water Ski Approved Tournament Towboat Evaluation criteria and guidelines. By meeting and /or exceeding the USA Water Ski criteria for water ski towboats, the following are now **"APPROVED"** to pull AWSA sanctioned events. Boats are approved only as tested, and must be configured with engine, fuel delivery system, propeller, and transmission as shown below.

As Chief Driver, it is your responsibility to ensure that the Towboat Documentation Report is filled out completely, signed by yourself and the Chief Judge, and returned to headquarters promptly. Read the instructions carefully, noting the boat models as listed below. Also, please read the AWSA Towboat Use Policy information for model year requirements.
